

Quick-Steel Ltd

Quality policy

The business of Quick Steel Ltd is to design, manufacture and supply handbuilt and moulded rubber bellows, stainless steel and fabric expansion joints and flexible hose assemblies for the pipework & heating industry from our premises in Middlewich, Cheshire.

Quick-Steel Ltd is fully committed to providing products and services that meet the needs of its customers through complying with any regulatory and statutory requirements, including the Pressure Equipment Directive.

Quick-Steel Ltd recognises the benefits of complying to the requirements of ISO9001:2015 and has a policy of continual improvement ensuring that the effectiveness of the Quality Management System is internally and externally audited at regular intervals.

The company establishes and reviews its opportunities and threats and its company and quality objectives as part of its continuous improvement programme thus maximising the ability to provide products of the highest quality whilst maintaining a consistent approach in offering excellent customer care.

Quick-Steel Ltd believes keeping all personnel abreast of the quality policy on a daily basis and incorporating the Quality Management System into the fabric of the business will enable the organisation to operate at maximum efficiency and profitability.

This statement is reviewed for continuing suitability in line with our policy of continual improvement and shall be communicated to all personnel. It is available to view on our website and can be made available to any interested parties upon request.
